Federica Agosta – Candidatura a Tesoriere

Federica Agosta was born in Milan on 1 April 1978. She obtained her MD in 2003, completed her specialization in Neurology in 2008, and earned her PhD in Experimental Neurology in 2012 at Vita-Salute San Raffaele University, Milan.

She is Associate Professor of Neurology at Vita-Salute San Raffaele University and Head of the Neuroimaging of Neurodegenerative Diseases Unit at the Institute of Experimental Neuroscience, Division of Neuroscience, IRCCS Ospedale San Raffaele, Milan. She is also Director of the Strategic Program on Neurodegenerative Diseases and Alzheimer's Disease. She coordinates the PhD Program in Cognitive and Behavioral Sciences at Vita-Salute San Raffaele University and conducts clinical and research activities within the Center for Alzheimer's Disease and Related Disorders (CARD).

Prof. Agosta has extensive expertise in clinical neurology and advanced neuroimaging, with a particular focus on Alzheimer's disease, frontotemporal dementia, primary progressive aphasia, amyotrophic lateral sclerosis, Parkinson's disease and related disorders. Her research integrates structural and functional MRI, molecular imaging, fluid biomarkers and computational approaches to investigate disease mechanisms and develop diagnostic and prognostic markers.

She has served on the Steering Committee of the Italian Society for the Study of Dementia (SINdem), including terms as Secretary and Treasurer, and coordinates its Neuroimaging in Dementia Study Group. She chaired the Steering Committee of the Neuroimaging Society in ALS (NiSALS) from 2019 to 2024 and coordinated the Neuroimaging Study Group of the Italian Society of Neurology (SIN) from 2020 to 2025. She is Co-Chair of the European Academy of Neurology (EAN) Scientific Panel on ALS and Frontotemporal Dementia and a member of the EAN Scientific Committee.

Prof. Agosta has authored more than 360 publications in peer-reviewed international journals, with an H-index of 82 in Scopus and 99 in Google Scholar. She was awarded an ERC Starting Grant in 2016 and the European Grand Prix for Young Researcher in Alzheimer's Disease in 2019. She is Associate Editor of *NeuroImage: Clinical* and the *European Journal of Neurology*, and serves on the editorial boards of *Neurology* and the *Journal of Neurology*.
